Experience

Lumo
Co-Founder
March 2022 - May 2023 (1 year 3 months)

Lumo offers a smart irrigation system that helps growers save water, improve crop quality, and reduce costs. By using Lumo to manage the irrigation needs of their farms, growers can precisely control and measure the amount of water being consumed by which plants. We help avoid overwatering, rapidly detect leaks and blockages, and simplify reporting.
